A contemporary design with unbelievable views over Agios Ioannis Beach

Built to a high standard by a Swiss architect, designed for effortless living, styled with modern sleek furniture and artwork, equipped and fitted with the latest amenities. A true masterpiece!

The villa rises above an evergreen hillside enveloped by statuesque cypress, pine, and age-old olive trees. A contemporary haven where tranquility resonates. The perfect spot for nature lovers who enjoy walking or cycling through wooded areas to the beach, or the village's center to pick up freshly baked bread from the bakery or dine at a couple of the local tavernas; and yet, just a 10-minute drive from the lively Lefkada town.
