An endearing 3-bedroom home in the heart of old Lefkada Town

Located on one of Lefkada's colourful streets, this property sits in a central location, within easy walking distance of the shops, local markets, cafés and restaurants. Its setting makes it easy to enjoy the character and everyday rhythm of life in the heart of the old town.

Built in the 1980s and refurbished in 2022, the house is arranged over three levels, with a layout that makes practical use of its vertical space.

The main entrance opens directly into the living area, where the kitchen, dining and sitting spaces are combined in an open-plan arrangement. A wood-burning stove provides a focal point and adds warmth during the cooler months.

The first floor comprises two bedrooms sharing a bathroom, with the WC conveniently separated from the shower room.

On the second floor, the attic has been converted into a third, en-suite bedroom. This level opens onto a spacious terrace, offering views across the terracotta-tiled rooftops of the Old Town, with the sea visible in the distance.
