A country-style home with 2 separate living quarters, immersed in the green hills of Katouna, with picture-perfect views

Located in the quiet and serene hills on the east coast of the island, this property enjoys charming views stretching from the sea to the Acarnanian mountain range.

Both apartments measure 67.68m² each. The ground-floor flat has been adapted for year-round living. It opens onto a foyer which leads to a comfortable open-plan living area with a woodburner, and for extra warmth in the colder months, there is underfloor heating, including the 2 bedrooms, the bathroom, and the home office. The upper-floor flat was designed with guests in mind and features an open-plan living area and 2 en-suite bedrooms for a comfortable stay.

The multiple terraces and outdoor sitting areas are the perfect spots for enjoying al fresco moments while taking in the natural surrounding beauty, enjoying the ever-changing sunrise, or gazing away at the glistening blue sea with the sailboats gently gliding by.

A fully self-sufficient and eco-friendly house, as it is powered by solar energy!
